

SuperTRUMP Software Customization

Customization Pays Dividends

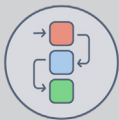

CONFIGURABLE INTERFACE

Modify SuperTRUMP windows to work with your processes and the specific needs of your users to facilitate data entry and provide output in your format

ALL THE POSITIVES AND NONE OF THE NEGATIVES OF SPREADSHEETS

Migrate home-grown pricing spreadsheet calculations and lookups into SuperTRUMP, giving you the ability to model and price without the fear of errors inherent in using spreadsheets

ANALYZE DATA FROM MULTIPLE SOURCES

Import data from sources such as Excel and create custom lookup tables, such as loss given default, money cost or yield index tables

Pricing is your competitive edge – don't compromise. Ask the experts at Ivory Consulting to create a custom version of SuperTRUMP by adding your unique pricing methodologies, yields, risk assessments and reports.

MODEL AND PRICE EXACTLY HOW YOU WISH

Utilize your unique pricing practices – calculations, algorithms, yields and subsidiary programs – to model and price the most profitable leases and loans while factoring in risk levels and tolerance.

REALIZE GREATER PROFITS

Leverage your proprietary yield calculations, unique reporting style and organization-specific interface modifications to profit from powerful, accurate analysis.

DELIVER A HIGHER LEVEL OF CUSTOMER SERVICE

Tailor customer-specific financing solutions to drive an unmatched customer experience.

BECOME MORE EFFICIENT

Streamline operational processes and facilitate IT management by customizing SuperTRUMP to integrate with your other software applications, and lookup data feeds and tables.
